The Ultimate Amount is the death benefit used to determine both internal and reinsurance capacity. Autobind limits, Jumbo limits, and underwriting requirements will reflect this amount. The Ultimate Amount can be found in the QuickView of the illustration input screens, or in one of two locations within the illustration output: 1) as a footnote on the Policy Summary page, 2) within the Input Summary report.

Important notes and exceptions: All policies issued must comply with Internal Revenue Code Section 7702. All children age 15 or older applying for coverage as primary insured must sign the application. Parents must always sign for any minor children. Applicants must be United States citizens or show permanent residence in the United States.
